

PROFILE

A skilled and motivated full-stack developer with two years of experience, proficient in developing robust and scalable web applications. Committed to continuous learning and staying up-to-date with the latest industry trends. Demonstrates a passion for creating innovative and efficient software solutions to meet business needs.

PROFESSIONAL EXPERIENCE

Full-stack Engineer, *NextRay.ai*

Sep 2022 – present | Turkey

- Created a user interface (UI) for a cybersecurity application, enhancing its usability and visual appeal.
- Collaborated with three team members to develop 12 new user-facing features, improving the functionality and user experience.
- Transformed eight web pages into mobile-friendly versions, ensuring accessibility across various devices.
- Designed and implemented custom graphs to enhance the readability of data, enabling users to interpret and analyze information more effectively.

Software Engineer Intern, *Trendyol*

Jun 2022 – Aug 2022 | Turkey

- Developed a Proof of Concept (PoC) project using SpringBoot, gRPC, and React.JS, incorporating asynchronous calls and server-side streaming to enhance response time by 20%.
- Joined the consumer loan team, contributing to the development of a new micro-service for creating promotions using SpringBoot.
- Worked at Trendyol, Turkey's largest e-commerce platform with over 30 million users.

Software Intern, *InterProbe*

Jun 2021 – Jul 2022 | İstanbul, Turkey

- Proficient in improving performance and fixing bugs, ensuring the delivery of high-quality code.
- Committed to creating accessible, responsive, and functional user interfaces that enhance the user experience.
- Capable of building mock designs and wireframes to bring applications to life.
- Adept at designing and developing high-quality applications that meet user needs and exceed expectations.
